

Rhode Island Mission of Mercy Free Dental Clinic May 31 & June 1, 2014 CCRI Flanagan Campus

RIMOM 2014 EVENT SUMMARY

On the weekend of May 31st 2014 a community of like minded individuals came together to help our neighbors in need.

Responding to the lack of affordable dental care, the Rhode Island Oral Health Foundation held it's 3rd Mission of Mercy Free Dental Clinic. The clinic was once again held at the CCRI Flanagan campus in Lincoln RI. There, the dental hygiene clinic was transformed into a fully operational 26 chair Dental Clinic staffed by over 350 dental & medical volunteers and 220+ community volunteers. The goal; to provide free dental services to the uninsured, the underinsured and anyone who otherwise has difficulty accessing dental care. Giving their time and clinical expertise dental and medical professionals treated every patient with the utmost in dignity and care. Over 775 patients left the clinic smiling and free of pain.

While waiting for their dental treatments, community organizations spent the weekend donating a variety of health care services. Tdap & Pneumonia vaccines as well as rapid HIV testing were among those services offered. An amazing weekend of caring!

What volunteers are saying about RIMOM...

I attended this AMAZING event for the first time this past weekend and my life is forever changed. ~2014 Community Volunteer

I have to tell you how lucky I am to be a part of this great cause. This was my third year, and will continue to volunteer each year until there is not a need for this mission.

Thank you for your vision to bring this together, and please let me know if I can be a part of the planning or help during the year.

~2014 Community Volunteer

Sunday was a great experience. I never thought that I would be energized by doing dentistry on a Sunday, but every time I think about the people who I helped that day, my sense of purpose is renewed. Thank you for allowing me to participate in RIMOM. It was very fulfilling.

~2014 Volunteer Dentist

Even after long lines and waiting sometimes for hours, here is what our patients had to say about RIMOM...

~To all the volunteers, I really appreciate the excellent service that you give to the people in need. In this world we need more people like you. God bless you every day for your great heart!

~This has been best dental experience of my life!

~Thank you all for everything, I am walking out pain free!

~You guys gave me a reason to smile!

~I am at a loss for words, (and not just from the gauze in my mouth) Thank you all so much!

~An amazing event, with so many amazing people, Thank you!!

A COMMUNITY COMES TOGETHER

RIMOM 2014 brought together over 40 volunteers from various RI community agencies offering a variety of health services and information to our patients thus filling their time while waiting for dental treatment.

Bringing a community together for a common cause to most would seem like a daunting task. Yet the 2014 RI Mission of Mercy experienced just the opposite, an amazing outpouring of support from our partners listed below.

Everyone arrived with great energy, enthusiasm and ready to provide their services and information to patients while they waited for their treatment number to be called.

Many patients received the TDAP and pneumonia vaccines and also took advantage of the Rapid HIV and Hep C testing.

Each day patients enjoyed nutritious bag lunches donated and prepared by Blue Cross Blue Shield RI.
